Spinal cord injury - Neuroinfectious diseases – Microglia – Neurogenetics - Epilepsy

Provisional program

Friday, 16.02.2018

11.00-13.00 Registration, poster setting

13.00-13.15 Welcome

Neuroinfectious disease session

13.15-14.15 Keynote lecture: Matthew Taylor

14.15-15.00 Short presentations

15.00-15.30 Coffee break/poster viewing

Microglia session

15.30-16.30 Keynote lecture: Inge Huitinga

16.30-17.15 Short presentations

17.15-19.00 Poster viewing

19.00 Social Dinner

Saturday, 17.02.2018

Spinal cord trauma session

08.15-09.15 Keynote lecture, Gregoire Courtine

09.15-10.00 Short presentations

10.00-10.30 Coffee break/poster viewing

Genetics of neurodegenerative disease session

10.30-11.30 Keynote lecture, Danika Bannasch

11.30-12.15 Short presentations

12.15-13.45 Lunchbreak/poster viewing

Epilepsy

13.45-14.45 Keynote lecture: Neda Ladbon-Bernasconi

14.45-15.30 Short presentations

15.30-15.45 Awards

15.45-16.15 Coffee break/poster viewing

Workshop on correlation between clinical neurology, neuroimaging and neuropathology

16.15-19.00 Clinical cases
